VNUG moving forward

- **VNUG's relationship with Connect (subject to decision)?**
 - Yes, majority is for a collaboration with Connect.
 - One group is in favour for continue as usual until we have a clear understanding on implications of a Connect membership.
 - VNUG board is in favour of Connect membership, but will keep VNUG as a local user organisation.

VNUG moving forward

- **The format and length of future events?**
 - 2 day conference is ok
 - Education day prior to the conference is great
 - Education and conference should be at the same site
 - Location should be more central to a major city
 - 20 minute presentations is about the right length
 - Promote user presentations
 - Doesn't need to be large subjects

VNUG moving forward

- **Place in time?**
 - **Sep/Oct is ok**
 - **Feb ok if conference is at skiresort**
 - **Try new formats like conferencing on train**
 - **Not too close in time to Connect events**

VNUG moving forward

- **Anything missing on the agenda?**
 - **More user presentations**
 - **More HP technical presentations**
 - **CIO business presentations**
 - **Gartner mission critical presentations**
 - **Break-out sessions partners/sponsors which you register to prior to the conference**
 - **Collaboration with other NonStop user groups in eg UK, Germany, Holland etc**

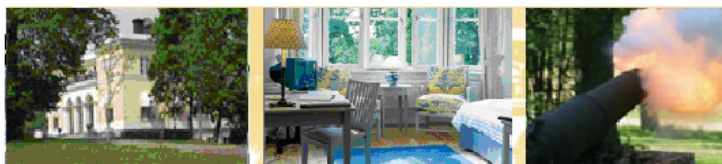

Program 10 September.
